Our Autumn Nature Walk

I smell...

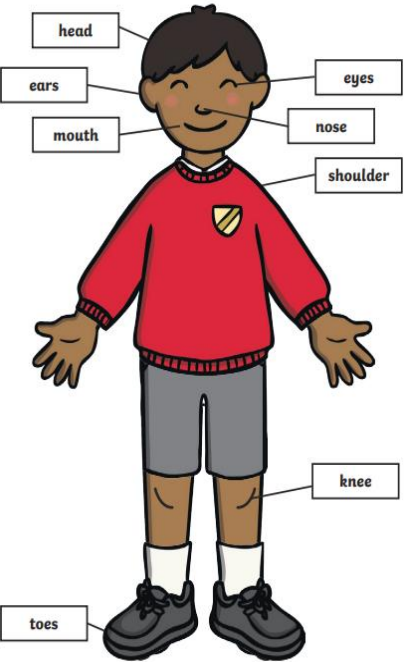

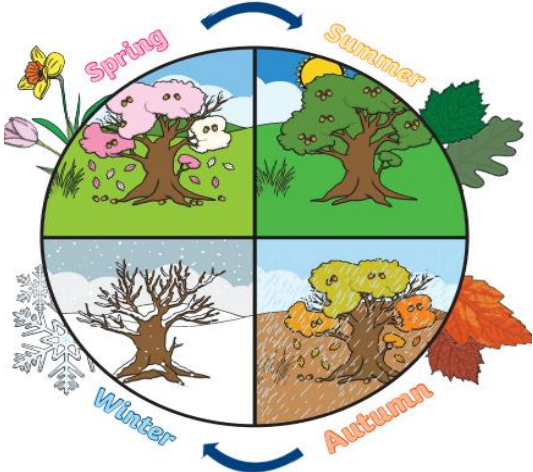

I see...

Overview The Natural World

This autumn term in Early Years we will be Identifying the different parts of our body and exploring our five senses. We will also be investigating the importance of washing hands and when to wash our hands. We will be going on nature walk around the school, exploring the different seasons and observing changes.

Order of Seasons

Our Senses

There are five main senses that your body uses everyday...

When to Wash Your Hands
